

THE WINE CELLAR

INTERCONTINENTAL[®]
MALDIVES MAAMUNAGAU RESORT

As a wine sommelier, I am always aiming to put together a diverse and exotic wine list, while featuring the right wine variety for the distinctive taste and preferences of my guests. Within the following wine list, you may find a carefully selected list of some of the world's most recognized wineries and wine labels as well as some of my favourites and recommendations that you might not have heard about.

The cellar's selection includes wines from boutique winemakers from California to Marlborough as well as the great houses of Bordeaux, the villages of Burgundy and many more. Almost all grape varieties are featured, most of them with different options. I encourage you to join our Wine Journey, on which we will assist you with recommendations.

I am especially proud to highlight our organic wine range. Those wines are made from grapes that have not been exposed to chemical fertilizers, herbicides or insecticides. By cultivating the soil naturally, planting cover crops and using natural fertilizers, the biologically active soil is maintained and biodiversity promoted. The result is a great, fresh taste and prevention of oxidation. Back to nature is the new way of winemaking.

I truly hope you enjoy your wine experience!

CHAMPAGNE

Champagne has launched thousands of ships, attended countless parties and shared untold special moments between two people. It is the ultimate celebratory drink created and drunk by true romantics.

What better place than the Maldives to sit back and enjoy a glass of the only wine that has captured the stars?
